

**CLAM SHELL TUNNEL HEATER FOR  
WIRE & CABLE INDUSTRY**

- **Clam shell design for ease of threading and cleaning**
- **Rapid response heaters for fast heat up and cool down**
- **Heaters designed so not affected by dripping of coatings**
- **Heaters field repairable, for lowest maintenance cost**
- **Standard 5 ft. lengths; custom lengths available**
- **Suitable for vertical or horizontal mounting**
- **Combine multiple units for higher speeds**
- **Closed loop control to optimize process repeatability**
- **Optical pyrometer for maximum product quality**
